Dear Bob,

Many thanks for providing the Henry T. Wing School a laptop for one of our eighth grade students. As you are aware a laptop is both an amazing tool and resource for a child.

The student who we placed the machine with has been struggling with writing and of course legibility. He has been in need of a computer for many months however his family has not been able to afford to make the purchase.

My thanks to all of those who have generously donated machines, volunteered time to refurbish them, and those responsible for the daily operations of Laptops for Kidz. Your program is a valuable resource to our school and community.

Sincerely,
